

SAKSHI SARATKAR

UI/UX DESIGNER | PRODUCT DESIGN | VISUAL DESIGN

+91 9518509513 | saratkarsakshi85@gmail.com | linkedin.com/in/sakshi-saratkar-928844251 | sakshi-portfolio-9tn.pages.dev

PROFESSIONAL SUMMARY

UI/UX Designer with hands-on experience across user research, competitor analysis, information architecture, wireframing, prototyping, usability testing and high-fidelity UI design, supported by 2+ years of professional design experience in architecture and interior design. Skilled in Figma and Adobe Creative tools, with a strong foundation in visual hierarchy, interaction design, responsive design and design systems. Experienced in translating user requirements and research insights into clear, usable and visually compelling digital experiences across multiple touchpoints. Strong in systematic design thinking, communication and design iteration.

CORE SKILLS

UI/UX Design: UI Design, UX Design, Product Design, Interaction Design, User-Centred Design, Human-Centred Design, Mobile App Design, Web Design, Responsive Design, Visual Design

UX Research: User Research, User Requirements, Competitor Analysis, Competitor Benchmarking, User Insights, User Feedback, Customer Journey Mapping, Personas, Usability Testing, Concept Exploration, Design Thinking

UX Process: Information Architecture, User Flows, Wireframing, Prototyping, High-Fidelity UI, Design Iteration, Interaction Design, Problem Solving

Interface and Visual Design: Visual Hierarchy, Information Design, Layout Design, Typography, Colour Theory, Composition, Visual Communication, Data Visualization, Design Concepts

Design Systems: Design Systems, UI Components, Component Libraries, Design Patterns, Visual Consistency, Design Documentation, Reusable Components

Accessibility: Accessibility, Inclusive Design, WCAG, Colour Contrast, Usability

Collaboration: Requirement Gathering, Stakeholder Communication, Client Communication, Presentation, Feedback and Iteration, Cross-functional Collaboration

TOOLS

Design: Figma, FigJam, Adobe XD, Adobe Illustrator, Adobe Photoshop, Canva

AI-assisted Design: Cursor, Claude, Figma Make, ChatGPT

Technical: HTML5, CSS3 Basics, Responsive Design

Architecture and 3D: AutoCAD, SketchUp, Enscape, Revit

Productivity: Microsoft Excel, Microsoft PowerPoint, Microsoft Word

PROJECTS

Travello - Your Travel Companion *Mobile UX | Mobility, Navigation, Information Architecture, Prototyping*

- Designed a 15-screen mobile experience covering navigation, travel assistance, translation, weather, currency and emergency support across multiple user touchpoints.
- Structured information and interaction flows around different travel scenarios and user needs, focusing on clear information hierarchy and ease of use.
- Wireframed and prototyped the experience in Figma from greyscale low-fidelity concepts to high-fidelity UI.
- Iterated the home screen around a full-bleed map with minimal floating UI to keep navigation information clear and accessible.

Nurtur - Parent-Teacher Communication App *UX Case Study | User Research, IA, Dashboard, Design System*

- Gathered user and business requirements through interviews and competitor analysis across 5 comparable education apps.
- Synthesized research into personas and customer journey maps to identify user needs and interaction opportunities.
- Designed a 12-screen information architecture, user flow, wireframes and dashboard experience in Figma.
- Applied Kano model prioritization and developed a reusable design system to improve consistency across the product.

Tracto - Health and Fitness Tracking App *Mobile UI/UX | Design System, Components, Usability*

- Designed a mobile UI system across the home screen, signup flow and supporting interface states.
- Built a reusable component library in Figma with interactive states and micro-interactions.
- Conducted usability testing and validated colour contrast against WCAG accessibility standards.

PROFESSIONAL EXPERIENCE

Freelance UI/UX Designer

Jan 2026 to Present

Self-employed

- Delivered end-to-end UI/UX design across 2 independent projects, covering user research, wireframing, prototyping and high-fidelity UI design in Figma.
- Built product case studies across Nurtur, Tracto and Travello, applying information architecture, design systems and user-centred design to real product problems.

Interior Designer

Dec 2025 to May 2026

Rad Co Lab

Mumbai, India

- Translated user lifestyle and functional requirements into space plans, concepts and design solutions for 3 residential clients.
- Developed furniture layouts, material palettes and visual concepts using SketchUp and Enscape.
- Applied accessibility, ergonomics, visual hierarchy and spatial organization throughout design development.
- Presented design concepts to clients and incorporated feedback through multiple design iterations.

Interior Designer

Nov 2024 to Nov 2025

Lab Werk

Mumbai, India

- Led design development for Bombay Sweet Shop retail projects at Palladium and Oshiwara, translating customer movement, brand requirements and functional needs into cohesive spatial experiences.
- Developed visual merchandising concepts, layouts, material palettes and presentation boards aligned with the retail environment and brand identity.
- Worked on customer-facing areas while considering circulation, product visibility, spatial hierarchy and customer experience.
- Researched and selected materials, finishes, fixtures and furniture to create cohesive visual environments.
- Presented design concepts and design rationale to clients and consultants, incorporating feedback through design development.

Architectural Intern

Jan 2023 to Oct 2023

Avesana Design Studio

Nagpur, India

- Developed spatial concepts and layout plans for residential and resort projects.
- Applied hierarchy, circulation and spatial planning principles to create functional and visually balanced environments.
- Supported presentations, drawings, layouts and design studies.

EDUCATION

Executive Design Course - UI/UX

Feb 2026 to Present

Indian Institute of Technology Roorkee x Intellipaat

Bachelor of Architecture (B.Arch)

2019 to 2024

Priyadarshini Institute of Architecture and Design Studies, RTMNU

AWARDS AND RECOGNITION

Kyoorius Design Awards: Recognition for Bombay Sweet Shop Interior Design

Design POV Mumbai 2026: Alloyed Furniture Project

NASA 2019: 1st Runner-Up representing college, India
